Profile

Dedicated Frontend Developer with a strong foundation in web technologies gained through an internship at ITI Egypt. Proficient in HTML5, CSS3, JavaScript, and TypeScript. Experienced with modern frameworks like React, Angular, Next.js, and back-end tools like Node.js and NestJS. Developed 9 projects showcasing skills in building responsive UIs, implementing APIs, and team collaboration.

Experience

Full Stack Developer by MERN (Intern) - Information Technology Institute (ITI)

April 2024 - November 2024 | Egypt

- Led a team of 5 interns to develop a Khamsat website clone using Next.js and Angular.
- Managed version control with Git, conducted code reviews, and deployed on Vercel.
- Enhanced back-end expertise through Nest.js, Node.js, Express, and GraphQL.
- Documented APIs using Swagger and conducted unit testing with Jasmine.

Frontend Developer (Intern) - Information Technology Institute (ITI)

November 2023 - March 2024 | Egypt

- Developed 5 responsive websites using HTML5, CSS3, and JavaScript.
